Summer 2018 – Spring 2020

Current Sophomores/Rising Juniors

Whether you want to take one course or earn an associate degree, APSU has a program for you. However, **rising Juniors will have an opportunity to earn up to 60 college credits while in high school. This will give them an opportunity to earn an associate degree and their high school diploma at the same time.** Below are the proposed courses for this program. Note that courses in italics and bold may count for both high school and college credit.
