Summer 2022 – Spring 2024

Current Sophomores/Rising Juniors

Rising juniors following this plan will have an opportunity to earn up to 60 college credits while in high school. This will give them an opportunity to earn an associate degree and their high school diploma at the same time. Below are the proposed courses for this program; please note that they are subject to change according to departmental scheduling. Note that courses in italics and bold may count for both high school and college credit.

Summer 2022

Course		Credit hours	Cost to parents	Cost to parents without DE reduced rate & grant
<i>CHEM 1010</i>	<i>Introductory Chemistry I</i>	3	Free	\$852
