

Fact  
Andrew Robinson

A full cup can be dangerous  
it could spill at any time  
but an empty cup  
is useless.

Response to Poet of the Shadows  
Andrew Robinson

Poet of the shadows,  
hiding in the darkness  
crouching in the corner  
where no one else can find you.

Poet of the shadows,  
you contrast yourself with greatness  
and find yourself unworthy  
though you're worthy as they are.

Poet of the shadows,  
listening to others  
obeying all those critics  
who never said a thing.

Poet of the shadows,  
step out of the dead darkness,  
leave the sickened corner  
and let yourself be found.

Poet of the shadows,  
befriend another element  
say hello to lightness.

Poet of the brightness.
