Regulations for Classifying Students In-State or Out-of State for the Purpose of Paying Fees and Tuition

Paragraph I

INTENT – It is meant that the public institutions of higher education in the State of Tennessee shall apply uniform rules, as described in these regulations and not otherwise determining whether students shall be classified “In-State” or “Out-of-State” for fees and tuition purposes.

Paragraph II

Definitions – Wherever used in these regulations:

1. **Public higher educational institution** shall mean a university or community college supported by appropriations made by the Legislature of this State.
2. **Residence** shall mean continuous physical presence and maintenance of a dwelling place within this State, provided that absence from the State for short periods of time shall not affect the establishment of a residence.
3. **Domicile** shall mean a person’s true, fixed, and permanent home and place of habitation; it is the place where he or she intends to remain and to which he or she expects to return when he or she leaves without intending to establish a new domicile elsewhere.
4. **Emancipated person** shall mean a person who has attained the age of eighteen years and whose parents have entirely surrendered the right to care, custody, and earnings of such person and who no longer are under any legal obligation to support or maintain such deemed “emancipated person.”
5. **Parent** shall mean a person’s father or mother. If there is a non-parental guardian or legal custodian of an unemancipated person, then “parent” shall mean such guardian or legal custodian, provided that there are no circumstances indicating that such guardianship or custodianship was created primarily for the purpose of confirming the status of an in-state student on such an unemancipated person.
6. **Continuous enrollment** shall mean enrollment at a public higher educational institution or institution of this State as a full-time student, as such term is defined by the governing body of said public higher educational institution or institutions for a normal academic year or years or the appropriate portion or portions thereof since the beginning of the period for which continuous enrollment is claimed. Such person need not enroll in summer sessions or other such intersessions beyond the normal academic year in order that his or her enrollment be deemed continuous notwithstanding lapses in enrollment occasioned solely the scheduling of the commencement and/or termination of the academic years or appropriate portion, thereof; of the public higher educational institutions in which such person enrolls.

Paragraph III

Rules for Determination of Status

1. Every person having his or her domicile in this state shall be classified “in-state” for fee and tuition purposes.
2. Every person not having his or her domicile in this state shall be classified “out-of-state” for said purposes.
3. The domicile of an unemancipated person is that of his or her parent.
4. The domicile of a married person shall be determined independent of the domicile of the spouse.

Paragraph IV

Out-of-State Students Who Are Not Required to Pay Out-of-State Tuition

1. An unemancipated, currently enrolled student shall be reclassified out-of-state should his or her parents, having theretofore been domiciled in the State, remove from the State. However, such student shall not be required to pay out-of-state so long as his or her enrollment at the public higher educational institution or institutions shall be continuous.
2. An unemancipated person whose parent is not domiciled in this State but is a member of the armed forces and stationed in this State or at Fort Campbell pursuant to military orders shall be classified out-of-state but shall not be required to pay out-of-state tuition. Such a person, while in continuous attendance toward the degree for which he or she is currently enrolled, shall not be required to pay out-of-state tuition if his or her parent thereafter is transferred on military orders.
3. A person whose domicile is in a county of another state lying immediately adjacent to Montgomery County or whose place of residence is within (3) miles of Austin Peay State University shall be classified out-of-state but shall not be required to pay out-of-state tuition at Austin Peay State University, provided; however, that there be no teacher college or normal

school within the non-resident's own state of equal distance to said non-resident's bona fide place of residence.

4. Part-time students who are not domiciled in this state but who are employed full-time in the State or who are stationed at Fort Campbell pursuant to military orders shall be classified out-of-state but shall not be required to pay out-of-state tuition.
5. Military personnel and their spouses stationed in the State of Tennessee who would be classified out-of-state in accordance with other provisions of these regulations will be classified out-of-state but shall not be required to pay out-of-state tuition. The provision shall not apply to military personnel and their spouses who are stationed in this state primarily for educational purposes.

Paragraph V

Presumption—Unless the contrary appears from clear and convincing evidence, it shall be presumed that an emancipated person does not acquire domicile in this State while enrolled as a full-time student at any public or private higher educational institution in this State, as such, status is defined by such institution.

Paragraph VI

Evidence to be considered for Establishment of Domicile—If a person asserts that he or she has established domicile in this State, he or she has the burden of proving that he or she has done so. Such a person is entitled to provide to the public higher educational institution by which he seeks to be classified or reclassified in-state, any and all evidence which he or she believes will sustain his or burden of proof. Said institution will consider any and all evidence as conclusive evidence that domicile has or has not been established.

Paragraph VII

Appeal – The classification officer of each public higher educational institution shall be responsible for initially classifying students “in-state” or “out-of-state.” Appropriate procedures shall be established by each such institution by which a student may appeal his or her initial classification.

Paragraph VIII

Effective date for Reclassification – If a student is classified as of “out-of-state” and applies for “in-state” classification and is subsequently so classified, his or her in-state classification shall be effective as of the date on which reclassification was sought. However, out-of-state tuition will be charged for any quarter or semester during which reclassification is sought and obtained unless application for reclassification is made on or before the last day of registration of that semester.
